Admissions Process

At Cassiobury Court, we understand that coming into treatment for the first time will usually be a difficult first step for both clients and families.

1. The Initial Enquiry

Ocean Recovery's experienced in-house admissions team are available 24/7 to handle your enquiry. Contacting us is straight-forward – the most popular way is by telephone, but many will use a contact form on our website, email or online live chat.

2. Pre-Admission Screening

It is vital that we can understand more about you and your addiction problem, so that we can ensure we are able to safely meet your needs and work out the best course of treatment for you; matching you to our treatment centre that is going to best meet your requirements. Your Admissions Co-ordinator will need to complete your FREE pre-admission screening and ask you some basic questions about your physical and mental health, circumstances, drug or alcohol use and your current requirements.

3. Treatment Deposit

Demand for our services is high at the minute, and a lot of preparatory work goes into getting your treatment programme and bedroom organised. In order to secure your treatment, our admissions team will need to take a deposit payment. There are a number of methods that you can choose to make this payment, including payment by Debit or Credit Card, electronic Bank Transfer or Cash. We regret that the company doesn't accept cheques for deposit payments.

4. Your Admission Day

Your Admission and the start of your journey towards recovery and freedom from addiction can now begin. On admission, you will be welcomed by a member of our experienced recovery team, who will take time with you and help you to understand what is on offer within our centre. During this induction, we will ask you to complete your treatment contract and some other documents that will enable us to look after you safely and prepare you for your treatment assessment by our Consultant Psychiatrist or Specialist Doctor.

5. Your Full Clinical & Recovery Plan Assessment

Once you have settled in at our clinic, you will meet our full-qualified doctor who will discuss your health conditions and any problems you may of had in the past, this will help them understand more about your addiction and agree a prescribing plan that best suits your detoxification needs.
